## LOCAL LEP SCALEUP PROGRAMMES

Leicester and Leicestershire LEP (LLEP) Growth Hub is interrogating a diverse range of datasets to identify and target businesses with scaleup potential.

The existing network of business advisers is already well established within the area's business community and actively engages with companies that are ambitious about growth. The advisers provide one-to-one general and specialist business advice, including in-depth advice on developing action and growth plans.

The advisers currently provide tailored advice and support through a wide number of programmes within the LLEP area, ensuring access to services that encourage growth, innovation and finance. There is also a wide range of workshops and events covering areas such as accessing new markets, investment marketing, accessing finance and exporting.

For further information and to see a complete list of visible scaleups, Scaleup Champions and Ambassadors visit us at [www.scaleupinstitute.org.uk](http://www.scaleupinstitute.org.uk)

## SCALEUP VIEWS:

The key barriers are access to UK markets, access to talent and leadership programmes. They are also looking for support through local leadership programmes, as well as peer to peer networks and local universities and business schools.

Analysis by BVA BDRG from the Scaleup Survey 2018

## TOP BARRIERS TO GROWTH:

Access to the talent you can hire who can do the jobs you have available

Access to markets and customers in the UK

Leadership development: training and developing the people you have

## WANT TO SEE MORE OF:

- Local universities and business schools e.g. access to their talent, facilities and R&D
- Peer to peer networks
- Local leadership development programmes

**WHAT'S NEXT/FUTURE PLANS:** LLEP plans a targeted scaleup service to businesses in 2019. The service will be designed to develop support that focuses on leadership and management, marketing, and investment readiness. The support will be provided by a consortia of partners and will include peer-to-peer mentoring and links to other mentoring programmes.

These are programmes offered by the LEP and do not represent all the programmes offered to scaleups in the local area. These have not been evaluated or endorsed by the ScaleUp Institute for their impact and effectiveness. Data utilised at the top of this page is taken from the IDBR 2016. The confidentiality of all data held on the IDBR is protected by the National Statistics Code of Practice and associated Protocols and by specific legislation. In accordance with these requirements, data presented is rounded to prevent disclosure. Differences may exist in totals across tables due to disclosure methods used.
